

U. S. DEPARTMENT OF LABOR

OFFICE OF THE SECRETARY

WASHINGTON

November 30, 1956

Dear Mr. Dulles:

When the President appointed me Chairman of the Government Unit of the first United Givers Fund Campaign in the National Capital Area, he assured me that I would receive the fullest measure of support and cooperation from everyone concerned. He was certainly right. The assistance I received exceeded my most optimistic hopes.

I know you will be delighted to know that the Government Unit is reporting at the present time \$3,075,000 for approximately 109% of its goal. This, I am informed, is the largest amount ever pledged by the Government Unit in a single appeal.

Under your fine leadership with the able assistance of your Vice Chairman Mr. Harrison G. Reynolds, your organization has performed an outstanding job in that you are reporting 100% of the goal assigned.

On behalf of the Co-chairman and myself, I wish to thank you and your associates for the eminently successful campaign you have conducted.

Sincerely,

Secretary of Labor
